# HOW WORLDWIDE HEALTH OPTIONS WORKS

---

**WORLDWIDE HEALTH OPTIONS GIVES YOUR CLIENTS THE FREEDOM TO CHOOSE AN INTERNATIONAL HEALTH INSURANCE PLAN THAT SUITS THEIR OWN INDIVIDUAL NEEDS.**

To create their plan, they start with Worldwide Medical Insurance. Then they can choose from a range of options to build the cover they need. If they would like the option of being treated in the USA, they can also opt for USA Cover (if they are not a permanent resident of the United States). If they have a pre-existing condition, we can individually assess if we can cover it. Finally, they can choose from a range of deductibles to manage the cost of their subscriptions.

You will then calculate the cost of their plan, taking into account the cover options they have chosen, the country where they spend most of their time and any deductibles they have opted for.

---

---

# THE COVER YOUR CLIENTS CAN CHOOSE FROM

---

## **CORE COVER: WORLDWIDE MEDICAL INSURANCE**

For overnight stays and day-case treatment in hospital and related benefits. All surgery, cancer treatment and advanced imaging are covered, whether received in hospital or as an out-patient. This cover can be selected on its own or together with one or more of the following options.

## **OPTION: WORLDWIDE MEDICAL PLUS**

This is for out-patient treatment when there is no need for a hospital stay. It provides cover for day-to-day medical treatment which includes X-rays and diagnostic tests, consultations, accident-related dental treatment, physiotherapy, osteopathy and chiropractor treatment.

## **OPTION: WORLDWIDE MEDICINES AND EQUIPMENT**

Cover for prescribed medicines and dressings, durable medical equipment rental such as oxygen supplies and wheelchairs and long-term prescription medicines. This means that prescription medicines to manage chronic conditions, such as asthma, would also be covered.

## **OPTION: WORLDWIDE WELLBEING**

This option is designed to help maintain and protect health. It covers medical screenings which can provide valuable early detection of conditions such as cancer. Also covered are dental and optical treatments which can keep you healthy by highlighting underlying issues like mouth cancer or diabetes.

## **OPTION: WORLDWIDE EVACUATION**

This option gives the added reassurance that if the treatment needed is not available locally then we will pay to move the member elsewhere to the most appropriate place for treatment. This may include a flight or road journey to get to the nearest appropriate place for treatment. On occasions we may fly them back home to be near friends and family.

## **USA COVER**

If your client spends most of their time in the USA, then they will need to buy USA cover on an annual basis. However, if they spend most of their time outside the USA, they can choose to add USA cover to their plan, enabling them access to medical treatment in the USA. If they are a USA resident (not permanent) their rates are in Zone 1 on the subscription table.

## **COVER FOR PRE-EXISTING CONDITIONS**

If your client has pre-existing conditions, they have the opportunity to apply for cover for them. If we can cover their pre-existing conditions, the cover will apply worldwide with the exception of the USA. Please note: This subscription table cannot be used to quote for cover for pre-existing conditions.

## **DEDUCTIBLES**

If they choose to have a deductible on their Worldwide Medical Insurance cover (amounts range from USD 425 to USD 8,500), additional deductibles of USD 170 will apply to Worldwide Medical Plus and USD 80 to Worldwide Medicines and Equipment. Deductibles do not apply to Worldwide Wellbeing or Worldwide Evacuation.

When calculating your clients' quotes, please ensure that:

- all options are chosen either monthly or annually
- all options chosen are in the same zone
- if they choose a deductible on Worldwide Medical Insurance you apply a USD 170 deductible to Worldwide Medical Plus and USD 80 to Worldwide Medicines and Equipment (if they wish to buy either of these options)
- all members on the same plan have the same deductible amounts
- if your client buys cover with a deductible they pay by credit card or direct debit

---

---

# HOW TO CALCULATE QUOTATIONS

---

---

## TO CALCULATE A QUOTATION FOR YOUR CLIENTS USING THIS SUBSCRIPTION TABLE, YOU NEED TO KNOW THE FOLLOWING:

- the number of people they wish to cover
- their individual ages
- their country of residence (ie where they will be living for the majority of the year)
- the options they have chosen on top of Worldwide Medical Insurance
- whether they will need USA Cover
- their deductible amount (if any)

---

## IMPORTANT THINGS TO REMEMBER

Your client's quotation will be based on their country of residence. Your client's country of residence is the country where they are living or spending most of their time.

If your client would like the opportunity to apply for cover of their existing conditions, please ring your Intermediary Sales Adviser on +44 (0) 1273 208 788 so they can assess your client's situation and provide a quotation.

## HOW YOUR CLIENTS PAY

**WHERE AVAILABLE, THEY CAN CHOOSE TO PAY BY CREDIT CARD, DIRECT DEBIT, BANKERS DRAFT OR CHEQUE (REMEMBER, IF THEY HAVE CHOSEN A DEDUCTIBLE, THEY MUST PAY BY CREDIT CARD OR DIRECT DEBIT).**

---

### DIRECT DEBIT

Direct debit is quick and easy and takes the hassle out of paying bills. Your clients can pay by direct debit from a UK bank account. They simply fill in the direct debit mandate on the application form and we will deduct their subscriptions from their account. They can choose to pay annually or monthly.

---

### BANKER'S DRAFT OR CHEQUE

Your clients can pay their subscription annually by banker's draft or cheque. Payment can be made in the currency they have chosen to pay their subscriptions in. We are unable to accept monthly payments by bankers draft or cheque.

---

### CREDIT CARD

Your clients can pay their subscriptions using a Mastercard, Visa or American Express card. Payment can be made in the currency chosen to pay their subscriptions in and they can choose to pay annually or monthly. To pay by credit card, they simply complete the Card Payment Authority on the reverse of the application form.

---

---

# A STEP-BY-STEP GUIDE TO CALCULATING QUOTATIONS

---

---

## CALCULATING QUOTATIONS IS EASY

There are four quick steps:

<b>STEP ONE</b>	<p>Find your client's country of residence from the list of countries on the opposite page, and this will give the country zone. For example, if your client lives in France then their country zone will be 6.</p> <p>There are nine zones in total and if your client has opted for USA Cover you can find the quotations for their country zone overleaf from their chosen zone. Zone 1 should be selected if your client is spending the majority of their time in the USA.</p> <p>The Worldwide Evacuation zone associated with the country zone for your client is shown in brackets.</p>
<b>STEP TWO</b>	<p>Find your client's age and deductible amount (if any). Do this for Worldwide Medical Insurance first. Then select either monthly or annual payments (please note quarterly payments can be made which will be 25.75% of the annual premium).</p>
<b>STEP THREE</b>	<p>If your client has selected any of the other options, add these.</p> <p>If your client wants to apply for cover of their pre-existing conditions, please ring your Intermediary Sales Adviser.</p> <p>Repeat steps one to three for any additional members on the plan (everyone on the plan will have the same deductible amount, if any).</p>
<b>STEP FOUR</b>	<p>Add up all the option quotations for all members to calculate the final quotation.</p>

# A QUICK VISUAL GUIDE

## FINDING THE RIGHT QUOTATION

Once you have chosen your client's preferred zone, simply find their age, choose monthly or annual payment, choose a deductible (if any) and find their quotation for Worldwide Medical Insurance.

If your clients have opted for a deductible then you must choose the USD 170 deductible column for Worldwide Medical Plus and the USD 80 deductible column for Worldwide Medicines and Equipment, if they select either of these options. If they have not chosen a deductible on Worldwide Medical Insurance they will have no deductible on their options.

If they have chosen Worldwide Wellbeing, add this. And if they have opted for Worldwide Evacuation you will need to specify whether they fall into 'zone area 1' or 'zone area 2'. You'll find the zone areas in the Worldwide Evacuation zone area column on the 'Find your country zone' pages overleaf.
